

# ResNet 2008 Newsletter

Vol 1 Issue 7, May 15, 2008

## Only 2 weeks left to register!

The last day to register is quickly approaching. Register before June 1<sup>st</sup> by clicking [HERE](#). We've updated our website with the latest [details on our program sessions](#) and this year's [sponsors](#). If you're thinking of waiting to register, please note, the afternoon whale-watching is sold out and our family housing on campus is almost sold-out! The PDS are also filling up very quickly. Register today to make sure you're not disappointed!

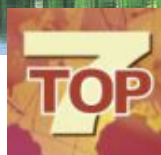

## ResNet is student-friendly

Do you have any outstanding student staff that you think show a lot of potential and could benefit from networking with ResNetters and attending the sessions? Why not bring them with you to the ResNet 2008 Symposium? Each year ResNetters bring student staff with them and find it enhances the work experience not only for the students but also enriches the conference experience for everyone. So, encourage your star student staff to attend this year – just make sure they register by June 1<sup>st</sup> by clicking [HERE](#).

## UNB & Fredericton is getting ready to welcome ResNetters

The whole team here at UNB is excited to welcome all of you to our campus and city in just a few weeks. We're working on the details now – you know the important things like making sure there is lots of great food and entertainment – and each day we think of new ways to welcome all of you to our home. We thought you might like to know more about UNB, the oldest public university in North America, so here is a link to a bit of our history: <http://www.unb.ca/welcome/History.html#>. If you have any questions when you arrive, be sure to ask one of the host committee members - we'll be in black t-shirts – and we would love to tell you all about our University!

Of course, our colleagues with Fredericton Tourism are always excited to welcome guests to our [clean, green city](#) and to help highlight our rich [history](#) and [culture](#). We are also proud to be a [smart city](#), a distinction that has recently been recognized internationally by the Intelligent Communities Forum. We're working with them to help make this a memorable ResNet Symposium!

**Intelligent Community  
of the Year 2008**

Once the deadline to register has passed we will begin communicating with all registrants via the registration system to provide you with all of the information you need about arriving in Fredericton, shuttles, checking in to accommodations, what to pack, information about the program, and any other details you might need. In the meantime, feel free to contact us at [resnet2008@unb.ca](mailto:resnet2008@unb.ca) with any questions or comments.

## Canadianisms

Let's talk conversions. Whether it's currency, distance, or temperature, it is these little differences that make travel so interesting! Here are some common conversions from American to Canadian as well as some useful links for you.

1 US Dollar = 1.00067 CAD as of May 15, 2008 Visit: <http://www.xe.com/ucc/> for up-to-date conversions

1 mile = 1.609 344 kilometer Visit: [http://www.onlineconversion.com/length\\_common.htm](http://www.onlineconversion.com/length_common.htm)

70 degree Fahrenheit = 21.11 degree Celsius Visit: <http://www.onlineconversion.com/temperature.htm>

50 mile/hour=80.5 km/hour **\*BE CAREFUL WITH THIS ONE IF RENTING A CAR!!\*** Visit: [http://www.onlineconversion.com/speed\\_common.htm](http://www.onlineconversion.com/speed_common.htm)

**Let us know if you have any questions about Canada / Canadiana that you want us to cover in future issues of this newsletter!**
